Together We Make a Family

UH Partnership for Families

**Mission**  Partnership for Families was established to give deserving couples, who otherwise could not afford it, the chance to have what is most important to all of us - a healthy family. Through the generosity of its donors, Partnership for Families provides funding for:

- Second in vitro fertilization cycles for patients who have paid for a first cycle, do not conceive and cannot afford another try;
- Cancer patients who need to freeze eggs or embryos before undergoing chemotherapy that will prevent them from making eggs in the future;
- Couples who have, or who are at risk of having, a baby with a genetic disease that can be prevented with In Vitro Fertilization and Preimplantation Genetic Diagnosis.

**Partnership for Families Leadership Board**
