Adding Words to the DMO Vocabulary

This job aid provides the steps to add words to the Dragon vocabulary as well as some tips and tricks for effectively using the application.
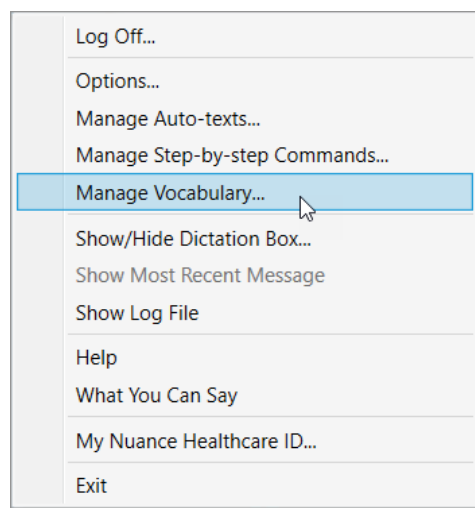

Adding Words to Vocabulary

Tip ▶ When speaking into Dragon, it's important to make sure that you speak clearly and naturally so that Dragon can understand what you are saying.

There will be times when you may need to add words to the Dragon vocabulary, to do this follow the steps below:
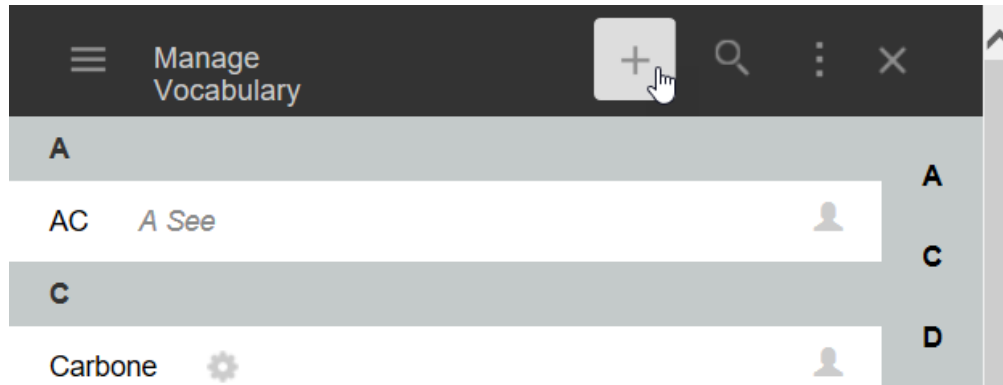

1. From the **Dragon Toolbar**, *click* **Blue Flame**.

2. Click **Options** from the down-down menu, *select* **Manage Vocabulary…**

3. The **Manage Vocabulary** displays. *Click* the **Plus Sign** to add a word.

4. In the **Enter the word you want to add** field, enter the word you want to add to the vocabulary. Example: **Elyria.**

5. Click on the **red microphone** button and when it turns green say the word.

6. *Click* **Confirm.**
